STAFF SUMMARY REPORT – Chuck Headlee
MEETING DATE: April 11, 2007

ITEM: 5.E

SUBJECT: LEAKING UNDERGROUND FUEL TANK CLEANUP PROGRAM – Status Report

DISCUSSION: Attached are three tables indicating progress made during the first three quarters of fiscal year 06-07 toward our underground storage tank (UST) program goals. We are currently on track to meet or exceed our goals of issuing 30 case closures, reviewing 350 monitoring reports, and preparing 400 enforcement letters. The majority of these letters are enforceable orders for technical reports, typically requiring investigations to determine the source and extent of contamination and proposal of a cleanup plan.

RECOMMEN-
DATION: This is an information item only and no action is necessary.
